Thanks Terry. Attached is an updated version. I added the changes in the draft legislation, as well as an additional sentence at the bottom of page 4. Please let me know of any mistakes.

Thanks
Laura

I just did a search on IC 124 and did not see any other references to rules of the board relating to marijuana or its derivatives so these additional amendments should resolve that issue.

Terry-Would eliminating the phrase “except as otherwise provided by rules of the board for medicinal purposes” in 124.204(4)(u) and eliminating 124.204(7) altogether resolve the issue?

I didn't review all of 124.204 initially.

The two citations identified by Dale reference tetrahydrocannabinols “except as provided by rules of the board” so unless those phrases are removed, we have not resolved the issue.

Lloyd, A question regarding Recommendation #2 relating to clearing the air on marijuana's scheduling status: On pages 6 and 7, did you consider referencing two other areas of the Iowa Code that talk about marijuana exceptions... 124.204(4)U and 124.204(7)? When we looked at this a few years ago we missed a couple of references, and a bill drafter pointed them out to us. Just curious. Dale
