

Exhibit B

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Nancy Santos (Lodi, CA)	1	October 1999 - November 1999	Phenobarbital								
		1st Seizure 10-21-1999. Loading dose Pheno 11-3-2010									
Nancy Santos (Lodi, CA)	2	November 1999	Phenobarbital	Tegretol							
		Weaning on Tegretol b/c less s/e and off phenob. Drug Change Period									
Nancy Santos (Lodi, CA)	3	November 1999	Tegretol								
		Increased Seizure activity.									
Santos and Chretien (Sac, CA)	4	November 1999	Phenobarbital								
		January 2000									
Dr. Chretien (Sac, CA)	5	February 2000 - June 2000	Phenobarbital	Topomax							
		Bad sz control and such high dose of pheno resulted in unable to walk and drunk-like state									
Chretien & Olsen (Stanford, CA)	6	June 2000 - August 2000	Topomax								
		No sz control as a mono therapy									
Donald Olsen (Stanford, CA)	7	August 2000 - September 2000	Topomax	Depakote							
		Increased Seizure activity. Prolonged Seizures. Upset stomach, vomiting and lethargy.									
Donald Olsen (Stanford, CA)	8	September 2000 - January 2001	Topomax	Keppra	Klonopin						
		ADD/ADHD Characteristics with many breakthrough szs. Wean off topomax									
Donald Olsen (Stanford, CA)	9	February 2001 - April 2001	Keppra	Klonopin							
		Aggressive Behavior, prolonged sz. Very aggitated									
Donald Olsen (Stanford, CA)	10	April 2001 - June 2001	Keppra	Klonopin	Ketogenic Diet						
		Wean off Keppra									

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Donald Olsen (Stanford, CA)	11	June 2001 - July 2002	Klonopin	Ketogenic Diet							
		Did not tolerate diet well after a years time. Diet did decrease sz and gained sz control but ripping cupboard doors off cabinets in kitchen and seeking foods to break the diet. Tx became more of a torture than an option for seizure control.									
Donald Olsen (Stanford, CA)	12	July 2002	Klonopin								
		No sz control as a mono therapy									
Donald Olsen (Stanford, CA)	13	July 2002 - August 2002	Klonopin	Zonegram							
		Prolonged Seizures lasting hours									
Donald Olsen (Stanford, CA)	14	August 2002 - September 2002	Klonopin	Zonegram	Zaratin						
		Prolonged Seizures lasting hours, aggressive behavior. Add Zaratin for myoclonic and absence seizures									
Donald Olsen (Stanford, CA)	15	September 2002	Klonopin	Zaratin	Felbatol						
		Very aggressive behavior, ADD/ADHD characteristics, Zaratin was doing nothing so d/c'ed med									
Donald Olsen (Stanford, CA)	16	September 2002 - November 2002	Klonopin	Felbatol							
		Increased breakthru even on high doses. ADD/ADHD characteristics									
Donald Olsen (Stanford, CA)	17	November 2002	Klonopin	Felbatol	Ritilan						
		Increased aggressive behaviors (Became a super A**hole. School teacher asked for jaxs not to come to school anymore with Ritilan. Attempted for 4-5 days									
Donald Olsen (Stanford, CA)	18	November 2002 - June 2003	Klonopin	Felbatol							
		Bad sz control, but making some progress slowly									
Donald Olsen (Stanford, CA)	19	June 2003 - July 2003	Klonopin	Felbatol	Lamictal						
		Low doses of meds, trying another med for better sz control Felbetol creates aggressive behaviors and poss longer szs									
Donald Olsen (Stanford, CA)	20	July 2003 - January 2004	Klonopin	Lamictal							
		D/C'ed felbetol									

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Donald Olsen (Stanford, CA)	21	January 2004 - February 2004	Klonopin	Lamictal	Diamox						
		Add diamox and decrease Lamictal. Lamictal causing 1,000's of myoclonic szs/day									
Donald Olsen (Stanford, CA)	22	February 2004	Klonopin	Diamox							
		D/C'ed Lamictol									
Donald Olsen (Stanford, CA)	23	February 2004 - March 2004	Klonopin	Lamictal	Diamox						
		Returned to #21 after 5 consecutive days of sz activity									
Donald Olsen (Stanford, CA)	24	March 2004	Klonopin	Diamox							
		D/C'ed Lamictol									
Barry Tharp (UC Davis MIND)	25	March 2004 - July 2004	Klonopin	Diamox	Vit B-6						
		Constantly hospitalized with breakthru szs									
Barry Tharp (UC Davis MIND)	26	July 2004 - August 2004	Klonopin	Diamox	Vit B-6	Ketogenic Diet					
		No Sz Control. Compliance with Keto Diet Poor									
Barry Tharp (UC Davis MIND)	27	August 2004 - September 2004	Klonopin	Diamox	Vit B-6	Ketogenic Diet	Prednisone				
		No sz control. Compliance with Keto Diet is Poor. Experiencing PICA (dog poo). Steroids worked, but not preferred for Long Term tx									
Barry Tharp (UC Davis MIND)	28	September 2004	Klonopin	Diamox	Vit B-6	Phenobarbital					
		Limited Sz control with behavior issues as a side effect of the drugs									
Barry Tharp (UC Davis MIND)	29	September 2004	Klonopin	Diamox	Vit B-6	Phenobarbital	Clonidine				
		Limited Sz control with behavior issues as a side effect of the drugs. Add Clonidine for behavior issues									
Tharp (UC Davis MIND) & Clancy (CHOP's)	30	January 2005 - April 2007	VNS	Klonopin	Diamox	Vit B-6	Phenobarbital	Clonidine			
		Acceptable Sz control unless fever or illness or other triggers (soy)									
Robert Clancy (CHOP's)	31	April 2007 - April 2008	VNS	Chlorazapate	Diamox	Vit B-6	Phenobarbital	Clonidine			
		Wean off Klonopin to cousin med Chlorazapate									

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Robert Clancy (CHOP's)	32	April 2008	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Diamox	Vit B-6	Phenobarbital	Clonidine		
Robert Clancy (CHOP's)	33	April 2008 - Nov 2008	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Diamox	Vit B-6	Phenobarbital			
Robert Clancy (CHOP's)	34	Nov 2008 - March 2009	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Diamox	Vit B-6	Phenobarbital	Gabapentin		
Robert Clancy (CHOP's)	35	March 2009- August 2009	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Diamox	Vit B-6	Phenobarbital	Gabapentin	Banzel	
Robert Clancy (CHOP's)	36	August 2009 - December 2009	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Diamox	Phenobarbital	Gabapentin	Banzel		
Summer 2009 Genetic Dx: Dravet at CHOP's Genetic			Banzel increased awareness and ability to interact in environment. Sz control still unpredictable								
Genetic Dx: Dravet at CHOP's Genetic			D/C Vit B-6. Not contributing to overall sz control.								

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Robert Clancy (CHOP's)	37	Dec 2009 - April 2010	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Gabapentin	Banzel	Ketogenic Diet and Nutritional Supplements		
				Add Ketogenic Diet at CHOP's D/T genetic Dx: Dravet Syndrome D/C Diamox as not beneficial and contraindicated with Diet							
Robert Clancy (CHOP's) & DDS	38	April 2010 - September 2010	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Gabapentin	Banzel	Ketogenic Diet and Nutritional Supplements	Fluoride	
				Add Fluoride for teeth softening. Attempted decrease of Pheno Jan 2010 (unsuccessful) Attempted decrease of Bazel April 2010 (unsuccessful) <i>Total Decrease of 1/2 Tab</i> Attempting decrease of Gabapentin August 2010 (Current) <i>Total Decrease of 2 Tab</i> <i>Dr. Dilugos (CHOP's) Considering VIMPAT next.</i>							
Jan Miller, MD (Miami Children's ION Channel)	40	November 2010- December 2010	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Banzel	Ketogenic Diet and Nutritional Supplements			
				D/c Gabapentin Added Depakote D/C Depakote increase in seizures with frequency and return of severe partial seizures from rt side to generalized TC							

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Robert Clancy (CHOP's)	41	December 2010 - July 2011	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Banzel	Depakote Sprinkles	Ketogenic Diet and Nutritional Supplements and MCT Oil		
Dr. McBrian (Hackensack)	42	July 2011 - August	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Depakote Sprinkles	Keppra B-6 for aggressive Behaviors	Ketogenic Diet and Nutritional Supplements and MCT Oil	Ketogenic Diet and Nutritional Supplements and MCT Oil	
Dr. Ghacebeh (Hackensack)	43	August - September	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Keppra B-6 for aggressive Behaviors	Ketogenic Diet and Nutritional Supplements and MCT Oil	Ketogenic Diet and Nutritional Supplements and MCT Oil	Topomax	
Dr. Ghacebeh (Hackensack)	44	September - October	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Keppra B-6 for aggressive Behaviors	Ketogenic Diet and Nutritional Supplements and MCT Oil	Ketogenic Diet and Nutritional Supplements and MCT Oil	Depakote Sprinkles	
Dr. Ghacebeh/Lancman (Hackensack)	45	October - November	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Keppra B-6 for aggressive Behaviors	Ketogenic Diet and Nutritional Supplements and MCT Oil	Ketogenic Diet and Nutritional Supplements and MCT Oil	Depakote Sprinkles	Banzel

Rx'ing Neurologist	Order #	Dates Of Treatment	Combo Rx #1	Rx #2	Rx #3	Rx #4	Rx #5	Rx #6	Rx #7	Rx #8	Rx #9
Dr. Fertig (Hackensack)	45	November 2011 - January 2012	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital	Keppra B-6 for aggressive Behaviors	Ketogenic Diet and Nutritional Supplements and MCT Oil	Depakote Sprinkles	Banzel	STP
				Adding STP--compensatory decrease of depakote and pheno w/ slight keppra wean b/c increased behaviors							
Dr. Segal (Hackensack) with Consult from Dr. Miller (Miami)	46	January 2012 - February 2012	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Chlorazapate	Phenobarbital (PBT)	Keppra	Ketogenic Diet and Nutritional Supplements	Depakote Sprinkles	STP	
				1-19-2012 Prolonged sz status with polymorphic seizures beginning with stares to the right without lose of consciousness generalizing into bilateral tonic clonic szs with clustering and occasionally desat'ing. 30-60 minutes long resulting in hospitalization and not responding to the 15 mg Diastat or ativan. 2-1-2012 D/C B-6 R/T high daily qty of 200 mg and ataxia, intermittent cyanotic hands and feet, and lethargy. Question possible B-6 toxicity as a side effect							
Dr. Segal (Hackensack) with Consult from Dr. Miller (Miami)	47	February 2012 - March 2012	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Ketogenic Diet and Nutritional Supplements	Chlorazapate	STP	Depakote Sprinkles (VPA) + L-Carnitine	PBT		
				2-28-2012 D/C Keppra. Increase VPA.							
Dr. Segal (Hackensack) with Consult from Dr. Miller (Miami)	48	March 2012 - October 2012	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Ketogenic Diet and Nutritional Supplements	Onfi	STP	Depakote Sprinkles (VPA) + L-Carnitine	PBT		
				3-6-2012 Switch tranxene for Onfi (Clobazam) to use with the STP and VPA. September-2012 begin PBT wean q 2 weeks on Th by 7.5 mg/decrease							
Dr. Segal (Hackensack)	49	October 2012 - November	VNS	Rt Frontal Lobectomy and 2/3 Anterior Corpus Callosotomy	Ketogenic Diet and Nutritional Supplements	Onfi	STP	Depakote Sprinkles (VPA) + L-Carnitine	PBT	Klonopin	
				Lowering Onfi, adding Klonopin at suggestion of Dr. Dravet. Continue with Pheno wean.
